

HEALTHY KIDS

Free or Low-Cost Health Coverage
for Children 5 and Under

ALL CHILDREN DESERVE QUALITY HEALTH INSURANCE

Through Healthy Kids, First 5 LA is making progress toward its vision of universal health care insurance for all children.

Healthy Kids is a free or low-cost health, dental, vision and mental health insurance program for children age 5 and under in Los Angeles County who are not able to receive other insurance. Healthy Kids will ensure that your children will grow up healthy, safe and ready to learn.

Quality health insurance means your children get the health care they need, and your family's budget is protected when they get sick. Your children could qualify even if you work full-time and earn up to \$60,000 annually for a family of four.

More than half of children 5 years old and younger who qualify for Healthy Kids in the county have been signed up – that's 7,515 children. Additionally, First 5 LA has helped complete Medi-Cal and Healthy Families applications for nearly 24,000 children.

Children in the care of parents, family members or guardians living in Los Angeles County may be eligible for coverage.
