## Deliverable(s)

**AUDIO/VISUAL SERVICES:**

Selected vendors must be able to perform the following tasks:

- Transport equipment and supplies to and from the venue
- Set-up and break down all equipment
- Provide adequate staffing to support the event

Audio/visual service vendors must have the ability to provide microphones (wired and wireless), a sound system, multi-media projectors, projection screens, slide advancing clicker and related supplies. Audio/visual vendors must also be able to operate built-in venue equipment such as screens and projectors.

Audio/visual contractors must also maintain the following requirements:

- Automobile Insurance
- Business License
- Commercial General Liability Insurance (or homeowner’s insurance, if applicable)
