II. BACKGROUND

A. First 5 LA – “Champions for Our Children”

In 1998, California voters passed Proposition 10, which levied a 50-cent per pack tax on all tobacco products. The resulting tax revenues were earmarked for the creation of a comprehensive system of information and services to advance early childhood development and school readiness within each county in California. In Los Angeles County, First 5 LA Commission was formed as a public entity to develop and oversee various early childhood initiatives and to manage the funding from Proposition 10. Since 1998, First 5 LA has invested over $800 million to support initiatives in all three of its goal areas. Additional information regarding First 5 LA can be found at http://www.first5la.org/.

In June 2009, the First 5 LA Board of Commissioners adopted a strategic plan to guide its investments through 2015: Strengthening Families and Communities in L.A. County.” The plan was developed during a public process that engaged community stakeholders, grantees, commissioners and staff and in conjunction with research in the field of early child development. We believe, and research confirms, that children are strongest when they live in safe and thriving families and neighborhoods. Therefore, First 5 LA will focus on strengthening families, while also building the capacity of communities and organizations to create and sustain nurturing environments for children. This new "place-based approach" will allow First 5 LA to have a deeper impact in select areas, while also supporting countywide objectives, and to better measure the impact of its investments.

B. The First 5 LA FY 2009-20115 Strategic Plan

In June 2009, the First 5 LA Board of Commissioners adopted its FY 2009–2015 Strategic Plan entitled Strengthening Families and Communities in L.A. County. This Plan incorporates lessons learned from the first 10 years of First 5 LA’s grantmaking and research, which reveal not only the importance of supportive and informed parents and caregivers to a young child’s quality of life, but also the role of safe and supportive neighborhoods, or places, to that child’s development.

As a result, this new plan represents a major shift in First 5 LA’s grantmaking from an initiative-based to a place-based approach. This new approach will allow First 5 LA to focus on strengthening families while fostering the communities’ ability to create and sustain safe and nurturing places for children to grow and thrive. The Commission has selected 14 geographic communities to direct and focus their investments in. For more information about these Best Start communities please go to http://beststartla.org/.

In the Strategic Plan, the Commission established four specific outcomes that it seeks for young children in Los Angeles County. These priority outcomes are defined in the Plan as four long-term goals of ensuring that children:

- Are born healthy (decrease the percent of children born at a low birth weight)
- Are safe from abuse and neglect (decrease the number of substantiated cases of child abuse and neglect)
• Are ready for Kindergarten (increase the percent of children reading at grade level at 3rd grade)
• Maintain a healthy weight (decrease the percent of overweight children)

All of First 5 LA’s investments will be focused on changing outcomes in these areas.

**Countywide Approach**

In addition to the place based approach, FY 2009–2015 Strategic Plan outlines the critical role of strong, coordinated and responsive systems in supporting families and improving outcomes for children prenatal through five. These systems include the actual structures through which health and human services are provided in Los Angeles County, as well as to less formalized systems, such as the economic system, the policy environment, and overall public will for early childhood issues. By focusing on countywide systems improvement and change, strategic plan investments can have a widespread impact on children across Los Angeles County while improving the sustainability of the place-based approach and outcomes. Success in the Best Start communities requires that systems change occurs countywide in order to achieve sustained and long-term improved outcomes for children in those communities. First 5 LA understands that enduring systems changes are most successful when they are informed by, and grow out of, close-to-the ground, culturally competent, community-based and resident-driven models for strengthening families, such as those we will be supporting in Best Start communities.

The countywide approach represents a comprehensive effort to address systems improvement in Los Angeles County through the following seven strategies:

A. **Public Policy**: To define and pursue First 5 LA’s priorities for policy change that support families within the four priority goal areas.

B. **Public Education**: To build public will and promote knowledge around issues facing children and families.

C. **Resource Mobilization**: To support and enhance the impact of the total portfolio of First 5 LA investments through effective, strategic partnerships; and by leveraging social and financial capital.

D. **Workforce Development**: To improve the knowledge and skills of the countywide prenatal to five workforce to strengthen families and support children’s healthy development.

E. **Data Systems Integration**: To support improvement of the quality and usefulness of data collected about children and families throughout Los Angeles County and the programs, projects and services that support them.

F. **Health Access**: To increase access to health insurance for children 0-5 by assisting families in obtaining coverage, and potentially subsidizing insurance for children not covered by other insurance.

G. **Information Resource and Referral**: To provide telephone lines or printed/online resource directories which community members can access in order to get information about resources available to them.

These strategies address countywide systems improvement from various points within these systems, yet work in a coordinated manner. Combined, they constitute a coordinated approach for First 5 LA to leverage opportunities, advocate for change, instill knowledge and raise awareness about how best to strengthen families with young children. In addition, while these strategies were approved as “countywide,” some of the activities will be specifically targeted to support the place-based approach.
Resource Mobilization Strategy
At the June 10, 2010 Commissioner meeting, Commissioners approved First 5 LA’s FY 2009 – 2015 Strategic Plan Implementation Plan including an $11 million allocation for the resource mobilization strategy. The resource mobilization strategy will leverage both fiscal and non fiscal resources to sustain the well being of children and their families in Los Angeles County. The goal of resource mobilization is to maximize the amount of resources available to support and enhance First 5 LA’s four priority outcomes as outlined in the First 5 LA FY 2009-2015 Strategic Plan. At the October 14, 2010 Commission meeting information regarding the resource mobilization framework and potential activities was provided, identifying three approaches to leveraging fiscal and non-fiscal resources: (1) grantmaking; (2) building relationships; and (3) sharing information. The grantmaking approach included providing matching grants to help leverage additional funds for projects and organizations focused on impacting First 5 LA’s priority outcomes aligned with the First 5 LA Theory of Change (See Appendix I).

C. Matching Funds Program
On March 10, 2011 the Commission approved a $4 million dollar allocation for the Matching Funds Program to improve the odds of successful grant applications benefitting children prenatal to five in Los Angeles County. Applicants to this RFP must be applying for a grant from a non-First 5 LA source including grants from the state and federal government and private foundations. The Matching Funds Program builds off of the American Recovery and Reinvestment Act (ARRA) Matching Funds program approved by the Commission on June 11, 2009. The Commission approved up to $4 million in matching funds to support American Recovery and Reinvestment Act (ARRA) grant applications for Los Angeles County applicants. Of the 14 selected applicants, 12 were awarded federal ARRA grants and were eligible to receive First 5 LA matching funds. Consequently, these awardees received over $2 million in matching funds from First 5 LA leveraging approximately $22 million over two years in federal funds for Los Angeles County.

The Matching Funds Program is designed to help Los Angeles County organizations improve their odds of successfully applying for large grants thereby increasing their capacity to achieve financial sustainability in the long run. Therefore, matching funds are reserved for those applicants pursuing funds from a source other than First 5 LA. First 5 LA will commit to providing a 1:1 cash match contingent on receipt of a grant from a non-First 5 LA source. These grants include those awarded by the local, state or federal government, national philanthropies and private business. The Commission has allocated a total of $4 million for one round of matching funds to be awarded to Los Angeles County organizations.

Applicants may request up to $200,000 per year for their project over a two year period for a maximum award that will not exceed a total of $400,000 per organization and project. Up to $4 million is available and it is anticipated that approximately 10 grants will be awarded.

All applications, including all attached documentation, are required to be submitted online by 5:00 pm on May 11, 2011²

First 5 LA believes that by narrowing the parameters of its investments, it will have more focused impact across the established Goal Areas of Health, Safety and Early Learning. Applicants will need to demonstrate how their project and/or activities impact one or more of the First 5 LA’s priority outcomes below in order to be considered for funding. Applicants must focus on serving First 5 LA’s target population and be able to explain how its proposed project impacts one or more of First 5 LA’s priority outcome goals as explained in the First 5 LA 2009-2015 Strategic Plan.⁵ The four priority outcomes are:

- Babies are born healthy
  (decrease the percent of children born at a low birth weight)
- Children are safe from abuse and neglect
  (decrease the number of substantiated cases of child abuse and neglect)
- Children are ready for kindergarten
  (increase the percent of children reading at grade level at 3rd grade)

³ Expanding upon existing work includes increasing the number of children 0 to 5 served. New programs and activities proposed must target children 0 to 5.
⁴ A non First 5 LA source can include funds from the state and federal government, philanthropies, and the business sector.

Grantee acknowledges that he/she/it is acting as public official pursuant to the Grant Agreement and shall therefore avoid undertaking any activity or accepting any payment, employment or gift from any third party that could create a legal conflict of interest or the appearance of any such conflict. A conflict of interest exists when one has the opportunity to advance or protect one’s own interest or private interest of others, with whom one has a relationship, in a way that is detrimental to the interest, or potentially harmful for the integrity or fundamental mission of the COMMISSION. 2. The agency/organization submitting an application agrees that by submitting an application it authorizes the COMMISSION to verify any or all information and/or references given in the application.

3. The COMMISSION reserves the right, after Grant Agreement award, to amend the resulting Grant Agreement, scope of work, and any other exhibits as needed throughout the term of the Grant Agreement to best meet the needs of all parties.

This information includes, but is not limited to: the most recent independent audit ending Calendar Year 2010 Fiscal Year June 30, 2010, Cash Flow Statement, Statement of Activities (Income Statement), and Statement of Financial Position (Balance Sheet).

5. Consistent with the intent of Proposition 10: California Children and Families Act of 1998, no monies for this Project may be used to supplant Federal, State, County and/or other monies available to the organization for any purpose. Activities funded under this proposal must be new or enhancements to existing activities.

6. The award of a Grant Agreement by the COMMISSION to an individual/agency/organization that proposes to use subcontractors for the performance of work under the Grant Agreement resulting from this application process shall not be interpreted to limit the COMMISSION’s right to approve subcontractors, assemble teams and/or assign leads. Each applicant will be evaluated independently for added value to the overall team. A copy of executed subcontract(s) related to Program funding must be provided to the COMMISSION.

7. The selected Grantee will be required to sign the Grant Agreement at least two (2) weeks prior to the intended start date of the Grant Agreement, as outlined in Terms of Contract section, to assure the timely completion of the signature process by all parties. If the Grant Agreement is not signed prior to the intended start date, the commencement of any activities under the Exhibit A – Scope of Work will not begin until the Grant Agreement execution date (the date all parties have signed the Grant Agreement) and Grantee will not be eligible to obtain reimbursement for any costs incurred prior to the Grant Agreement execution date, unless otherwise approved by the COMMISSION. If this Grant Agreement is not signed within the thirty-day (30) period from the intended start date, the COMMISSION has the right to withdraw the Grant Agreement award. - Signature Authorization Form
- Form RRF-1 (required and filed annually with the California Attorney General’s Registry of Charitable Trusts) and IRS Form 990 (if applicable)

9. Per the COMMISSION’s Policy and Guidelines for Hiring Consultants (Section 7), the total composite rate for a Consultant may not exceed $150 an hour. This means that the total cost of billable hours associated with a contract divided by the total number of hours billed must be equal to or less than $150. A blended rate is allowable. For example, for a contract totaling $150,000, a consultant may bill 500 hours for Consultant A at $200/hour, and 500 hours for Consultant B at $100/hour, with a total composite rate of $150/hour (1,000 total hours divided by $150,000 in billable hours = $150/hour).

10. The sample Grant Agreement requirements are attached (See Sample Grant Agreement). If successful, the Grantee will be required to meet all of the terms and provisions set forth in these documents and within the timeframe identified.

VII. APPENDICES

All Appendices are included as separate attachments.
