During the 2009-10 fiscal year, First 5 LA invested over $157 million in services for young children and families that supported our four Strategic Plan goals.

First 5 LA: Strengthening Families and Communities

- Provided access to low-cost health insurance to 63,739 children
- Provided basic family needs (food, clothes and housing) to 1,336 children
- Educated 8,041 parents and caregivers about their children's oral health
- Helped 4,594 new mothers with access to breastfeeding resources
- Helped 7,569 children at risk of child abuse and neglect through behavioral, substance abuse and mental health services
- Provided preventative dental care to 10,499 children
- Helped 25,386 children and 20,532 parents/caregivers find information and services to meet their needs
- Prepared 31,075 children (and 35,246 parents and caregivers) for kindergarten
