Biography for Wendy Sun, Psy.D.
Dr. Sun is a licensed clinical psychologist specializing in early intervention and infant mental health. She is currently the Clinical Director of WIN. She has provided trainings at national and regional conferences in the area of infant mental health diagnosis and treatment, and taught in the area of child psychology at the Alliant International University. Dr. Sun received her Master and Doctoral degrees in Clinical Psychology from California School of Professional Psychology - Alliant International University.

Course Objectives:
- Engage multi-challenged families as partners in the treatment process using a culturally sensitive and responsive framework;
- Enhance clinical observational skills to assess the quality of relationship in a parent-child dyad;
- Utilize the DMH ICARE assessment tool and DC: 0-3R manual to build relationships with families and inform diagnoses;
- Identify medical necessity in infants and toddlers;
- Develop strength-based and relationship-focused treatment plans that support treatment objectives based on relevant assessment data;
- Observe a parent-child dyad, formulate a diagnosis, and develop a treatment plan using a case vignette.
