Contract Language Updates Effective April 1, 2010

Term of Contract Additional Language:

The Contract is a year to year contract which terminates on the “termination date”. For the Contract renewal, the Contractor will be required to sign the grant at least two (2) weeks prior to the intended start date of the grant, as outlined in Term of Contract section of Contract, to assure the timely completion of the signature process by all parties. If the Contract is not signed prior to the intended start date, the commencement of any activities under the Exhibit A – Scope of Work will not begin until the Contract execution date (the date all parties have signed the Contract). Commission shall not be liable to Contract or under any legal or equitable theory for the reimbursement of expenses or costs incurred by Contractor during the time between the termination date and the date of renewal, if any. If the Contract is not signed within the thirty-day (30) period from the intended start date, the Commission has the right to withdraw the contract award. Any agreed upon changes to the intended start date must be confirmed in writing by both parties.
