II) First 5 LA Background

First 5 LA — “Champions for Our Children”

In 1998, California voters passed Proposition 10, which levied a 50-cent per pack tax on all tobacco products. The resulting tax revenues were earmarked for the creation of a comprehensive system of information and services to advance early childhood development and school readiness within each county in California. In Los Angeles County, the First 5 LA Commission was formed as a public entity to develop and oversee various early childhood initiatives and to manage the funding from Proposition 10. Since 1998, First 5 LA has invested more than $1 billion to support programs, initiatives, research, partnerships, public education and other endeavors in all four of its goal areas:

- Children are born healthy
- Children maintain a healthy weight
- Children are safe from abuse and neglect
- Children are ready for kindergarten

**The First 5 LA FY 2009-2015 Strategic Plan**

In 2009, First 5 LA’s Board of Commissioners adopted a new strategic plan to guide its

investments through June 2015. The plan, *Strengthening Families and Communities in L.A. County*, marked a significant evolution in First 5 LA’s approach to grantmaking. In addition to a countywide approach that focuses on policy change, public education, workforce development and other strategies, the strategic plan also commits a sizeable portion of funds to improve the well-being of children in specific geographic communities.

The Commission selected 14 Best Start communities based on lessons learned from First 5 LA’s first decade and research, which shows that the role of safe and supportive neighborhoods is just as important to a young child’s quality of life as supportive and informed parents and caregivers.

This combined place-based and countywide approach allows the Commission to concentrate its limited resources in areas of high need and to sustain those efforts over time. The strategic plan will allow First 5 LA to continue focusing on strengthening families while deepening our commitment to fostering a community’s ability to create and sustain safe and nurturing places for children to grow.

**Figure 1: First 5 LA Prioritized Pathway**

In the Strategic Plan, the Commission identified a pathway for our investments that leads to our desired outcomes for children, families and communities in our four goal areas.
The Place-Based Approach, *Best Start*

The First 5 LA commissioners’ place-based approach focuses on the places where families live — combining efforts to strengthen families with those that build community capacity to create and sustain thriving and healthy environments for all children. The research and promising practices\(^2\) emerging from decades of place-based efforts make a strong case for First 5 LA’s shifting a significant amount of resources to this funding strategy. The place-based approach allows First 5 LA to focus on families most in need, creating a seamless pipeline to effectively serve families along the continuum of a child’s development. This approach also creates unique partnerships with families, community residents and other funders, resulting in a better measure of our impact.

Parents, civic and business leaders, members of the clergy, representatives from community-based organizations and others are working together to develop partnerships within each of the 14 communities. By June, each community partnership will have submitted proposals to the First 5 LA commissioners for future investments. These can include building safe parks, providing early childhood education programs or supporting other strategies that achieve Best Start’s primary goals that children in each community grow up safe, healthy and ready to learn.

To learn more about *Best Start*, visit [www.beststartla.org](http://www.beststartla.org).

**Countywide Approach**

The strategic plan also outlines the critical role of strong, coordinated and responsive systems in supporting families and improving outcomes for children prenatal through age 5. These systems include the actual structures through which health and human services are provided in L.A. County, as well as less formalized systems. By focusing on countywide systems improvement and change, strategic plan investments can have a widespread impact on children across the county, while, at the same time, helping to improve the sustainability of the place-based approach and outcomes. First 5 LA understands that enduring systems changes are most successful when they are informed by — and grow out of — close-to-the ground, culturally competent, community-based and resident-driven models for strengthening families, such as those we will be supporting in the Best Start communities.

The countywide approach is a comprehensive effort through a variety of programs, strategies and initiatives. For example, First 5 LA is launching nearly two dozen commissioner-developed investments in areas such as autism identification and service referrals; early child care and education workforce development; nutrition and physical activity programs for families and child care facilities and parental support projects. In addition, among other strategies, First 5 LA continues to strive for increased access to health care and insurance for pregnant women, children and their families; provide telephonic or online and printed resource directories for families and support and enhance\(^2\) Department of Health & Human Services: Administration for Children & Families, 2007. *Promoting Healthy Families in Your Community: 2007 Resource Packet.*
the impact of our investments with effective, strategic partnerships and leveraging social and financial capital via our newly-developed Community Investments Department.

**Public Policy and Advocacy as a Countywide Strategy**
First 5 LA works proactively to advocate for public policy improvements to achieve large scale and lasting change in the lives of children 0-5 and their families. Public policy reform is an important component of First 5 LA’s investments.

As stated in the strategic plan, the Commission’s policy efforts will be pursued through the following activities:

- **Policy Development:** Our activities will include research and analysis of issues, proposals, and legislation; environmental assessments of the policy landscape; review of policy research; identification of barriers; and formulation of policy recommendations/positions. Convening and consulting experts and grantees, as well as engaging in coalitions and task forces will inform this work.

- **Issue Education:** Efforts to build public will among key stakeholders and the general public will include conducting issue education campaigns; sponsoring forums, trainings and policy conferences; publishing white papers, policy briefs and fact sheets; and collecting and sharing research to document the need for policy change.

- **Advocacy:** Our strategies will include convening and consulting stakeholders to collaborate on advocacy strategies; creating media visibility for policy positions; engaging grantees in issue education; communicating directly with policymakers; and promoting leadership development in advocacy in our targeted communities, as well as at the countywide levels.

- **Public Policy Grantmaking:** We will explore opportunities to fund others in support of First 5 LA’s policy goals, including funding for coalitions, projects to identify policy solutions, regional or local campaigns to build support for the Policy Agenda goals, professional advocates, leadership development in policy/advocacy, efforts to build media visibility on problems and potential solutions, and research to inform and create movement towards policy change related to the ten policy goals.

- **Collaboration:** First 5 LA recognizes the critical role partnerships and coalitions play in advancing our policy goals and improving systems. As such, First 5 LA will identify and actively participate in existing collaborations and seek out new and expanded partnerships and relationships with County agencies, other funders, nonprofits and community-based organizations.”

Contractor acknowledges that he/she/it is acting as public official pursuant to the Contract and shall therefore avoid undertaking any activity or accepting any payment, employment or gift from any third party that could create a legal conflict of interest or the appearance of any such conflict. A conflict of interest exists when one has the opportunity to advance or protect one’s own interest or private interest of others, with whom one has a relationship, in a way that is detrimental to the interest, or potentially harmful for the integrity or fundamental mission of the COMMISSION. Contractor shall maintain the confidentiality of any confidential information obtained from the COMMISSION during the Contract and shall not use such information for personal or commercial gain outside the Contract. By agreeing to the Contract and accepting financial compensation for services rendered hereunder, Contractor agrees that he/she/it will not subsequently solicit or accept employment or compensation under any program, grant or service that results from or arises out of the funded project and related initiative(s). During the term of the Contract and for one year thereafter, Contractor will not knowingly solicit

C. Contract Information

1. The COMMISSION may, at its sole discretion, reject any or all submissions in response to this RFQ. The COMMISSION also reserves the right to cancel this RFQ, at its sole discretion, at any time before execution of a contract. The COMMISSION shall not be liable for any costs incurred in connection with the preparation of any submissions in response to this RFQ. Any cover letters, résumés and/or curriculum vita, including attached materials, submitted in response to this RFQ shall become property of the COMMISSION and subject to public disclosure.

2. The agency/organization submitting an application agrees that by submitting an application it authorizes the COMMISSION to verify any or all information and/or references given in the application.

3. The COMMISSION reserves the right, after contract award, to amend the resulting contract, scope of work, and any other exhibits as needed throughout the term of the contract to best meet the needs of the COMMISSION.

4. The COMMISSION reserves the right to request additional financial information to verify applicant’s past and current financial status. This information includes, but is not limited to: the most recent independent audit, Cash Flow Statement, Statement of Activities (Income Statement), and Statement of Financial Position (Balance Sheet).

5. Consistent with the intent of Proposition 10: California Children and Families Act of 1998, no monies for this Project may be used to supplant Federal, State, County and/or other monies available to the organization for any purpose. Activities funded under this proposal must be new or enhancements to existing activities.

6. The award of a contract by the COMMISSION to an individual/agency/organization that proposes to use subcontractors for the performance of work under the contract resulting from this application process shall not be interpreted to limit the COMMISSION’s right to approve subcontractors, assemble teams and/or assign leads. Each applicant will be evaluated independently for added value to the overall team. A copy of executed subcontract(s) related to Program funding must be provided to the COMMISSION.
7. The selected Contractor will be required to sign the contract at least two (2) weeks prior to the intended start date of the contract, as outlined in Terms of Contract/Term of Grant section, to assure the timely completion of the signature process by all parties. If the contract is not signed prior to the intended start date, the commencement of any activities under the Exhibit A – Scope of Work will not begin until the contract execution date (the date all parties have signed the contract) and Contractor will not be eligible to obtain reimbursement for any costs incurred prior to the contract execution date, unless otherwise approved in writing by the COMMISSION. If this Contract is not signed within the thirty-day (30) period from the intended start date, the COMMISSION has the right to withdraw the contract award. The COMMISSION reserves the right to revise the effective date prior to final execution of the contract.

The contractor shall not be authorized to deliver or commence performance of services as described in this RFQ until final execution of the contract (contract must be signed by both parties). Final execution of the contract is contingent on First 5 LA’s Board approval of the negotiated scope of work and budget. Any performance of services commenced prior to obtaining all written approvals by First 5 LA shall be considered voluntary.

8. Unless otherwise submitted during the application process, the selected Contractor will be required to submit the required documentation listed on the Contractor Checklist, which includes, but not limited to, the following documents before the Contract can be fully executed:

- Agency Involvement in Litigation and/or Contract Compliance Difficulties Form
- By-laws (if applicable)

- Board of Directors or List of Partners (as applicable)
- Signature Authorization Form
- Annual Independent Audit for prior fiscal year or calendar year (if applicable)
- Appropriate business licenses (for vendors or private organizations)
- IRS Letter of Determination (if applicable)
- Completed IRS Form W-9
- Memorandums of Understanding (for any sub-contractors, collaborators, and/or partners listed under Contracted Services and Evaluation sections of Exhibit B – Budget Forms)
- Certificates of Insurance for all insurance requirements outlined in the contract.

9. Per the COMMISSION’s Policy and Guidelines for Hiring Consultants (Section 7), the total composite rate for a Consultant may not exceed $150 an hour. This means that the total cost of billable hours associated with a contract divided by the total number of hours billed must be equal to or less than $150. A blended rate is allowable. For example, for a contract totaling $150,000, a consultant may bill 500 hours for Consultant A at $200/hour, and 500 hours for Consultant B at $100/hour, with a total composite rate of $150/hour (1,000 total hours divided by $150,000 in billable hours = $150/hour).

10. The selected contractor/s will be required to adhere to all contractual obligations as outlined in this document, including the First 5 LA Contract (See Sample Contract Appendix H). The selected applicant shall be expected to execute the contract without
substantive alteration. If applicant cannot accept the terms of the contract without substantive alterations, the applicant should refrain from applying. It is imperative that all applicants review the contract language in detail and fully understand contractual obligations should they be selected.

APPEALS POLICY

First 5 LA reserves the right, without prejudice, to reject any or all submitted applications. An Appeal shall be permitted only on the grounds that the decision violated applicable law, First 5 LA policies and procedures, or the terms of the bid, RFP or RFQ. Appeals challenging First 5 LA’s decision on the merits or qualifications of bidders or proposers or the scoring of proposals shall not be permitted. An appeal of a First 5 LA decision shall be in writing and filed with the office of the CEO within ten (10) business days following the date the notification of decision is made by First 5 LA.
