II. BACKGROUND

First 5 LA

First 5 LA is a unique child-advocacy organization created by California voters (Proposition 10) to invest tobacco tax revenues in programs that aim to improve the lives of children 0-5 and their families in Los Angeles County. In 1998, California voters passed Proposition 10, which levied a 50-cent per pack tax on all tobacco products. The resulting tax revenues were earmarked within each county in California to enhance the early growth experiences of children, enabling them to be more successful in school and ultimately to give them an equal opportunity to succeed in life. In Los Angeles County, First 5 LA (also known as the Proposition 10 Commission) was formed as a public entity to develop and oversee various early childhood initiatives and to administer and manage its share of the funding from Proposition 10. Since 1998, First 5 LA has invested over $871 million to champion health, education, and safety causes concerning children prenatal through five and their families.

First 5 LA’s vision and commitment is to create a future throughout Los Angeles’ diverse communities where all young children are born healthy and raised in a loving and nurturing environment so that they grow up healthy, eager to learn and reach their full potential. First 5 LA is to make significant and measurable progress towards increasing the number of children from the prenatal stage through age five who are physically and emotionally healthy, safe and ready to learn. Additional information regarding First 5 LA may be found at http://www.first5la.org.

First 5 LA 2009–2015 Strategic Plan

In June 2009, the First 5 LA Board of Commissioners adopted its FY 2009–2015 strategic plan entitled Strengthening Families and Communities in L.A. County (http://www.first5la.org/Strategic-Plan). In the Plan, the Commission established four specific outcomes that it seeks for young children in L.A. County. These four long-term goals are to ensure that:

- Children are born healthy
- Children maintain a healthy weight
- Children are safe from abuse and neglect
- Children are ready for Kindergarten

All of First 5 LA’s investments will be focused on changing outcomes related to these four long-term goals.

The Plan incorporates lessons learned from the first 10 years of First 5 LA’s grantmaking and research, which reveal not only the importance of supportive and informed parents and caregivers to a young child’s quality of life, but also the role of safe and supportive neighborhoods, or places, to that child’s development. As a result, the new strategic plan balances place-based with countywide strategies.
**Place-Based:**
First 5 LA’s place-based efforts, known as *Best Start*, are being implemented in 14 communities: First 5 LA *Best Start* is a community-driven effort that brings together parents and other community members to support young children and families. *Best Start* is working with parents, service providers and other stakeholders to make their neighborhoods places where young children are healthy, safe and ready to learn to help improve children’s lives. For more information: [http://beststartla.org/about-best-start/](http://beststartla.org/about-best-start/)

**Countywide:**
The implementation plan for the countywide approach represents a comprehensive effort to address systems improvement in LA County through the following strategies:

| **A. Public Policy:** To define and pursue First 5 LA’s priorities for policy change that support families within the four priority goal areas. |

| **B. Public Education:** To build public will and promote knowledge around issues facing children and families. |

| **C. Resource Mobilization:** To support and enhance the impact of the total portfolio of First 5 LA investments through effective, strategic partnerships; and by leveraging social and financial capital. |

| **D. Workforce Development:** To improve the knowledge and skills of the countywide prenatal to five workforce to strengthen families and support children’s healthy development. |

| **E. Data Systems Integration:** To support improvement of the quality and usefulness of data collected about children and families throughout LA County and the programs, projects and services that support them. |

| **F. Health Access:** To increase access to health insurance for children 0-5 by assisting families in obtaining coverage, and potentially subsidizing insurance for children not covered by other insurance. |

**Public Policy and Advocacy as a Countywide Strategy**
First 5 LA works proactively to advocate for public policy improvements to achieve large scale and lasting change in the lives of children 0-5 and their families. Public policy reform is an important component of First 5 LA’s investments.

As stated in the strategic plan, the Commission’s policy efforts will be pursued through the following activities:

- **Policy Development:** Our activities will include research and analysis of issues, proposals, and legislation; environmental assessments of the policy landscape; review of policy research; identification of barriers; and formulation of policy recommendations/positions. Convening and consulting experts and grantees, as well as engaging in coalitions and task forces will inform this work.
• **Issue Education:** Efforts to build public will among key stakeholders and the general public will include conducting issue education campaigns; sponsoring forums, trainings and policy conferences; publishing white papers, policy briefs and fact sheets; and collecting and sharing research to document the need for policy change.

• **Advocacy:** Our strategies will include convening and consulting stakeholders to collaborate on advocacy strategies; creating media visibility for policy positions; engaging grantees in issue education; communicating directly with policymakers; and promoting leadership development in advocacy in our targeted communities, as well as at the countywide levels.

• **Public Policy Grantmaking:** We will explore opportunities to fund others in support of First 5 LA’s policy goals, including funding for coalitions, projects to identify policy solutions, regional or local campaigns to build support for the Policy Agenda goals, professional advocates, leadership development in policy/advocacy, efforts to build media visibility on problems and potential solutions, and research to inform and create movement towards policy change related to the ten policy goals.

• **Collaboration:** First 5 LA recognizes the critical role partnerships and coalitions play in advancing our policy goals and improving systems. As such, First 5 LA will identify and actively participate in existing collaborations and seek out new and expanded partnerships and relationships with County agencies, other funders, nonprofits and community-based organizations.”

First 5 LA has a history of supporting policy change through components in direct service grants as well as explicit policy grants. In previous policy grantmaking, First 5 LA has invested $13 million through the Community Opportunities Fund (COF). Please see appendix H for summaries of grants and list of grantees.
III. POLICY ADVOCACY FUND

Overview

The Policy-Advocacy Fund (PAF) is designed to support a variety of strategies in the policy and advocacy arena that support the First 5 LA Policy Agenda (see appendix I & J). The Commission recognizes these strategies are key to sustaining the well-being of children 0-5 and their families beyond First 5 LA’s direct investments. The primary goal of the fund is to move the policy goals forward; a secondary goal is to strengthen the capacity of organizations to be effective policy advocacy leaders on behalf of young children in L.A. County.

The Commission approved the policy grant program in June 10, 2010 as part of the Strategic Plan Implementation Plan. Funds will not exceed $500,000 total per grantee for a period of up to 5 years. We anticipate two cycles of funding, one represented in this RFP, and another in 2013. We expect to award approximately 10 grants per cycle. Applicants from the following types of organizations or collaborations (inclusive of these types) are invited to submit proposals:

1) Traditional Partners: Agencies or collaboratives of agencies with experience working on policy and advocacy on behalf of 0-5 year olds and their families.

2) Non-Traditional Partners: Agencies or collaboratives of agencies that have a proven track record in policy and advocacy on similar or complementary issues, on behalf of a broader constituency than the First 5 LA target population. This is intended to broaden the base of support for 0-5 policy issues, expand the number and type of voices speaking on behalf of this population, and create stronger alliances. For purposes of this grant, “non-traditional” partners are defined as:

Organizations with proven policy and advocacy capacity, which have experience working on social policy but which have not specifically focused on issues of children 0-5 and their families. For more information, see pages 10-11 “Additional Preference.”

The total number of grants awarded and distribution of grants among traditional or non-traditional agencies will depend upon both the quality of the applications and the amounts requested. We anticipate awarding approximately ten grants under PAF.

First 5 LA requests proposals from agencies serving Los Angeles County for policy and advocacy projects that have the potential to benefit children countywide. This includes projects that target specific communities anywhere in the county, which may serve as models for future replication or expansion of the policy change effort. These organizations may be community-based, local, or statewide as long as they have or will institute an active and meaningful presence in Los Angeles County.
The purpose of this Request for Proposals (RFP) process is to select the most effective project plans and most qualified organizations to engage in and implement policy and advocacy efforts that will support one or more of First 5 LA's 10 Policy Goals in the Policy Agenda. Applicants should demonstrate both a) their past experience/success and capacity in policy and advocacy and b) how their project will seek to significantly advance the identified goal.

It is preferred that this work be done in collaboration with other public or private organizations and community members affected by the policy initiative.

For the purposes of PAF, policy is defined as: rules, standards, guidelines or laws enacted by government, organizations or communities to influence the behavior of systems, communities or individuals and/or to direct resources.

For the purposes of PAF, advocacy is defined as: the effort to raise and move public or policymaker awareness in order to achieve one of the policy goals at the systems, community, city, county, state, or federal level.

Policy grantees may create collaborations, identify policy solutions, build media visibility for policy change, and/or conduct research to inform and create movement towards policy change. Applicants may choose to submit a joint application; however, one agency must serve as the lead agency and fiscal sponsor for the project.

When designing a policy and/or advocacy project, it is necessary to consider the existing policy environment in which the activities take place. The selected policy issue(s) may be at the initial stages of building awareness, it may have strong support but be in need of policy language refinement or policy implementation plan development, or it may be somewhere in between. There are many different models describing the stages of policy change (see appendix F). While First 5 LA does not require that applicants utilize this model or these particular activities, we do ask that applicants consider this model and the existing policy environment specific to the issue being addressed when developing proposed strategies and activities.

All application materials are due by 5:00 pm PST on October 7, 2011, through the online submission portal.

**Available Funding and Parameters**

Applicants may request up to $500,000 total for their project for a period up to five (5) years. The Grantee (the Lead Agency is considered the Grantee in the case of partnerships) is responsible for all expenses related to any subcontracted services and for supplying all business equipment required to implement the tasks and scope of work (e.g., computer, printer, fax, internet access, telephone, etc.). The Grantee will be responsible for maintaining a method to capture and document time spent on project activities, as a means to support First 5 LA staff management of costs and to ensure accomplishment of all project
objectives. The scope of work and budget will be finalized during the contract development and negotiation process.

**Expenses will be reimbursed through monthly invoices based on services rendered and actual expenses.**

**Contract Period**

The Commission expects to enter into contract with the selected Grantees by January 31, 2012 which will be eligible for renewal at the end of each contract year. Yearly contracts with First 5 LA will coincide with First 5 LA’s fiscal year, which ends on June 30th.

*Please note that First 5 LA contracts are executed annually, and at the end of each contract year the selected contractor will be required to submit a proposed scope of work and budget for the following year.*

**Technical Assistance Provided to Grantees**

In order to best support the PAF grantees and help ensure success of the projects, First 5 LA will select and provide a consultant or a team of consultants with expertise in policy and advocacy to provide support for grantees’ implementation of their projects. Consultant(s) will work with grantees to provide intermediary support in grantees’ project implementation. Assistance will be focused on supporting projects at various stages of the policy change process, with particular focus on evaluation, use of media, and other needs as identified.

**IV. PAF ELIGIBILITY & REQUIREMENTS**

**Eligibility Criteria**

In order to apply for a PAF grant, organizations and projects must meet the following criteria:

- Nonprofit organizations must have evidence of tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and deemed “not a private foundation” under Section 509(a). Applicants or sponsored projects lacking 501(c)(3) status must have a nonprofit 501(c)(3) organization serving as a fiscal sponsor.

- Public or governmental organizations are eligible to apply.

- Organizations may be community-based, local, or statewide but must have (or commit to having) an active and meaningful presence in LA County, as well as significant activities in LA County. Organizations do not have to offer direct services or have staff housed in Los Angeles County if they can show effective engagement in LA County through other means. Projects which serve a limited region within LA County must show how their work may serve as a model or potential for expansion to other regions.
➢ The organization may focus on 0-5 issues or those of a different population that can show a value and commitment to expanding into work on behalf of 0-5 year olds. (See below regarding Non-Traditional Partners.)

➢ Proposed project activities must benefit children 0-5.

➢ Proposed project activities are new or clearly expand upon existing or past work (no supplanting or replacement funding or extension of existing projects).

➢ Proposal must include 8% of overall budget for self-evaluation of the project.

**Restricted Activities:**

➢ Funds may not be used for the lobbying of any policymaker, local, state, or federal legislative organization. While education regarding a policy issue is an eligible activity, funding may not support lobbying for specific policies or legislation.

➢ Funds may not be used to influence voters to support or oppose any candidate, specific legislation, or ballot measure.

➢ **Funds may not be used for any of these other restricted activities:**
  ♦ Direct services
  ♦ Voter registration drives
  ♦ Capital improvements
  ♦ Endowments
  ♦ Fundraising events
  ♦ Support solely for existing operations
  ♦ Activities with religious purposes
  ♦ Grants to individuals
  ♦ Operating deficits or retirement of debt
  ♦ Salary for new or existing staff to provide direct services
  ♦ Development of curricula to be used for direct services
  ♦ Organizational capacity building activities of public agencies or private foundations

➢ Projects that duplicate current or past projects funded by First 5 LA will not be funded. However, projects that seek the same public policy goals as existing projects through a different strategy, which are at a different stage in policy development, or which clearly expand and further work funded in the past are welcome.

---

2 Please note that while First 5 LA monies may not be used for these purposes, organizations participating in these activities utilizing other sources of funding for these purposes remain eligible to apply.
Additional Preference

Special consideration for grant awards will be given to projects that fall under one or more of the following categories:

1. **Non-Traditional Partners**: Additional preference will be given to qualified projects led by non-traditional partners from sectors not generally associated with policy work on 0-5 issues, including:
   - K-12 education advocates or entities
   - Associations (such as business, hospital, funder associations)
   - Faith-based organizations (not to be used for religious purposes)
   - Advocates for related issues (such as senior citizens, teen parents, law enforcement)
   - Voluntary associations (such as PTA, Kiwanis, Rotary Club)

   All of these partners must be either not-for-profit or public entities. They may utilize a fiscal sponsor or fiscal agent. Non-traditional partners must specify a mentor agency, entity or consultant in the 0-5 policy field with whom they work. The purpose of this mentor would be to provide background and information to support the policy project and to facilitate relationships and communication across sectors.

2. **Leveraging**: Additional preference will be given to proposals that specify a source and strategy for leveraging additional resources (fiscal or non-fiscal resources, such as facilities, equipment or commitment of staff) towards the chosen goal either during the project period or to extend the effort after the grant is completed. This could be match funding for the proposed project or complementary resources that support the agency’s efforts toward reaching the project goal(s). These funds or resources do not need to be directly received by the grantee to be considered as leverage toward the project goal.

Alignment with First 5 LA Public Policy Goals

Policy and advocacy activities conducted under PAF grants must support one of the First 5 LA Policy Agenda Goals listed below. These goals constitute the First 5 LA Policy Agenda for 2010-2015 (see appendix I&J). They support First 5 LA’s four priority outcomes to strengthen families and communities, outlined in the strategic plan. Please note that numerous policy goals align with multiple strategic plan priority outcomes; see the chart from the 2010-2015 First 5 LA Public Policy Agenda (see below). Also note that these are not ranked in any priority order; the numbers are solely for reference purposes.

Attention: Policy Advocacy Fund

All other proposal documents must be submitted electronically and should be completed through the PAF online system by 5:00 pm October 7, 2011 to be eligible for review. Please register early online in order to become familiar with the system. It is highly recommended that after submitting your proposal you print a “printer-friendly version” of the online proposal form and review it carefully prior to submission. The printed version should be kept for your records, and will include a list of the proposal components that were attached. If the attachment is not listed, it was not successfully submitted.

If you experience any technical difficulties with submission of the proposal, you should first check this page http://www.first5la.org/Online-Application-Help or email Online_Application@first5la.org if your issue is not resolved. First 5 LA is not responsible for delays due to computer malfunction, or if applicants have problems with the First 5 LA online system. Late proposals due to technical difficulties will be considered late and will be ineligible for review. Please allow additional time to account for unexpected delays.

Final scope of work and budget will be determined during the contract development process. Funds will be disbursed through monthly invoices based on actual expenses and services rendered.
VI. REVIEW PROCESS AND CRITERIA

First 5 LA will award grants to applicants that have the expertise and qualifications to successfully implement a policy and advocacy project in line with the PAF guidelines, requirements and criteria. Please keep in mind that this is a competitive proposal review process and only a limited number of organizations will be funded.

The review process is outlined below. First 5 LA reserves the right to modify the review process at any time if necessary. Proposals with omissions of any required documentation are subject to disqualification.

1. **Review for Completeness** – First 5 LA staff will ensure that all required components of the Proposal are included. Late or incomplete proposals will not be accepted.

2. **Programmatic Review** – A minimum of three (3) external reviewers with expertise in the field will be recruited to score applications. Review tools are strictly adhered to by all staff and external reviewers to mitigate the potential of bias. In accordance with First 5 LA policy, both external and internal reviewers sign a conflict-of-interest form. External reviewers will assess the programmatic strengths of each proposal. The following assessment criteria will be used. Please also refer to the Review Tool that the external reviewers will use to assess proposals in appendix E.

3. **Compliance and Duplication** – If the applicant has current or previous First 5 LA funding, compliance with and successful implementation of those prior and/or current grants will be considered. Applicants, regardless of past or current funding, cannot be funded for activities similar to those within the scope of work of an existing First 5 LA investment.

4. **Project Budget Review** – Project budgets will be reviewed for thoroughness and appropriateness based on the proposed activities and timeline.

5. **Financial Review** – As a public entity, the Commission has a responsibility to the public to ensure that the organizations selected are financially stable to provide services. Applicants will be reviewed to assess fiscal health in relationship to their capacity to implement the proposed project and manage the proposed budget. Further written materials regarding the financial stability of the agency may be requested by our finance department prior to the site visit.

6. **Site Visit** – Staff will conduct site visits for selected proposal applicants to gain additional knowledge regarding the applicant’s relationship to the community, its capacity to engage in the proposed project, its relationship with proposed collaborative partners, and/or to answer questions that may arise during programmatic or financial review. A site visit is not a guarantee of funding approval.
7. **Funding Announcement** – all applicants will be notified in writing of the status of their submitted proposal. Contract negotiations will be conducted with all approved awardees. Execution of the grant agreement will be based upon successful contract negotiation.

8. **Feedback Process** – Proposal applicants who are declined may receive feedback if requested. There will be no consideration of appeals. Further details regarding the feedback process will be provided following the proposal review.

The grantee(s) shall not be authorized to deliver or commence performance of services as described in the application until written approval has been obtained from First 5 LA. Any performance of services commenced prior to obtaining all written approvals by First 5 LA shall be considered voluntary.

First 5 LA reserves the right, without prejudice, to reject any or all submitted qualifications. An appeals process is not available; all decisions of First 5 LA are final.

The Grantee will need to comply will all of the provisions in the attached sample Grant Agreement (See Sample Grant Agreement).

A. Conflict of Interest

The selected Grantee will be required to comply with the COMMISSION’s Conflict of Interest provisions, as outlined in the grant agreement, and as applicable under California Law. Grantee acknowledges that he/she/it is acting as public official pursuant to the Grant Agreement and shall therefore avoid undertaking any activity or accepting any payment, employment or gift from any third party that could create a legal conflict of interest or the appearance of any such conflict. A conflict of interest exists when one has the opportunity to advance or protect one’s own interest or private interest of others, with whom one has a relationship, in a way that is detrimental to the interest, or potentially harmful for the integrity or fundamental mission of the COMMISSION. Grantee shall maintain the confidentiality of any confidential information obtained from the COMMISSION during the Grant Agreement period and shall not use such information for personal or commercial gain outside the Grant Agreement period. By agreeing to the Grant Agreement and accepting financial compensation for services rendered hereunder, Grantee agrees that he/she/it will not subsequently solicit or accept employment or compensation under any program, grant or service that results from or arises out of the funded project and related initiative(s). During the term of the Grant Agreement and for one year thereafter, Grantee will not knowingly solicit or accept employment and/or compensation from any COMMISSION collaborator, Grantee or Contractor without the prior written consent of the COMMISSION.

B. Compliance

Current/Former grantees and/or Contractors must be in good standing and in compliance with all aspects of their Grant Agreements or Contracts with the COMMISSION in order to be eligible to apply for the current RFP. The COMMISSION may deem an applicant ineligible if it finds in its reasonable discretion, that applicant has done any of the following, including but not limited to: (1) violated any significant terms or conditions of Grant Agreement/Contract; (2) committed any act or omission which negatively reflects on Applicant’s quality, fitness or capacity to perform services listed in RFP with the COMMISSION or any other public entity, or engaged in a pattern or practice which negatively reflects on the same; (3) committed an act or offense which indicates a lack of business integrity or business dishonesty; or (4) made or submitted a false claim against the COMMISSION or any other public entity.

C. Grant Agreement Information

1. The COMMISSION may, at its sole discretion, reject any or all submissions in response to this RFP. The COMMISSION also reserves the right to cancel this RFP, at its sole discretion, at any time before execution of a Grant Agreement. The COMMISSION
shall not be liable for any costs incurred in connection with the preparation of any submissions in response to this RFP. Any cover letters, résumés and/or curriculum vita, including attached materials, submitted in response to this RFP shall become property of the COMMISSION and subject to public disclosure.

2. The agency/organization submitting an application agrees that by submitting an application it authorizes the COMMISSION to verify any or all information and/or references given in the application.

3. The COMMISSION reserves the right, after Grant Agreement award, to amend the resulting Grant Agreement, scope of work, and any other exhibits as needed throughout the term of the Grant Agreement to best meet the needs of all parties.

4. The COMMISSION reserves the right to request additional financial information to verify applicant’s past and current financial status. This information includes, but is not limited to: the most recent independent audit ending Calendar Year 2010 Fiscal Year June 30, 2010, Cash Flow Statement, Statement of Activities (Income Statement), and Statement of Financial Position (Balance Sheet).

5. Consistent with the intent of Proposition 10: California Children and Families Act of 1998, no monies for this Project may be used to supplant Federal, State, County and/or other monies available to the organization for any purpose. Activities funded under this proposal must be new or enhancements to existing activities.

6. The award of a Grant Agreement by the COMMISSION to an individual/agency/organization that proposes to use sub-contractors for the performance of work under the Grant Agreement resulting from this application process shall not be interpreted to limit the COMMISSION’s right to approve subcontractors, assemble teams and/or assign leads. Each applicant will be evaluated independently for added value to the overall team. A copy of executed subcontract(s) related to Program funding must be provided to the COMMISSION.

7. The selected Grantee will be required to sign the Grant Agreement at least two (2) weeks prior to the intended start date of the Grant Agreement, as outlined in Terms of Contract section, to assure the timely completion of the signature process by all parties. If the Grant Agreement is not signed prior to the intended start date, the commencement of any activities under the Exhibit A – Scope of Work will not begin until the Grant Agreement execution date (the date all parties have signed the Grant Agreement) and Grantee will not be eligible to obtain reimbursement for any costs incurred prior to the Grant Agreement execution date, unless otherwise approved by the COMMISSION in writing. If this Grant Agreement is not signed within the thirty-day (30) period from the intended start date, the COMMISSION has the right to withdraw the Grant Agreement award. Any agreed upon changes to the intended start date must be confirmed in writing by both parties.

8. Unless otherwise submitted during the application process, the selected Grantee will be required to submit the required documentation listed on the Grant Agreement Checklist, which includes, but not limited to, the following documents before the Grant Agreement can be fully executed:

□ Articles of Incorporation (if applicable)
□ Board of Directors or List of Partners (as applicable)
□ Signature Authorization Form
□ Form RRF-1 (required and filed annually with the California Attorney General's Registry of Charitable Trusts) and IRS Form 990 (if applicable)
□ Annual Independent Audit for prior fiscal year or calendar year (if applicable)
□ Appropriate business licenses (for vendors or private organizations)

□ Memorandums of Understanding (for any sub-contractors, collaborators, and/or partners listed under Contracted Services and Evaluation sections of Exhibit B – Budget Forms)
□ Certificates of Insurance for all insurance requirements outlined in the Grant Agreement.

9. Per the COMMISSION’s Policy and Guidelines for Hiring Consultants (Section 7), the total composite rate for a Consultant may not exceed $150 an hour. This means that the total cost of billable hours associated with a contract divided by the total number of hours billed must be equal to or less than $150. A blended rate is allowable. For example, for a contract totaling $150,000, a consultant may bill 500 hours for Consultant A at $200/hour, and 500 hours for Consultant B at $100/hour, with a total composite rate of $150/hour (1,000 total hours divided by $150,000 in billable hours = $150/hour).

10. The sample Grant Agreement requirements are attached (See Sample Grant Agreement). If successful, the Grantee will be required to meet all of the terms and provisions set forth in these documents and within the timeframe identified.
