II. BACKGROUND

ABOUT FIRST 5 LA
In 1998, California voters passed Proposition 10, which levied a 50-cent per pack tax on all tobacco products. The resulting tax revenues were earmarked for the creation of a comprehensive system of information and services to advance early childhood development and school readiness within each county in California. In Los Angeles County, First 5 LA was formed as a public entity to develop and oversee various early childhood initiatives and to administer and manage its share of the funding from Proposition 10. First 5 LA Strategic Plan 2009-2015 Background
In June 2009, the First 5 LA Board of Commissioners adopted its 2009-2015 Strategic Plan entitled Strengthening Families and Communities in L.A. County. This Plan incorporates lessons learned from the first 10 years of First 5 LA’s grantmaking and research, which reveal not only the importance of supportive and informed parents and caregivers to a young child’s quality of life, but also the role of safe and supportive neighborhoods, or places, that develop a child.

As a result, this new plan represents a major shift in First 5 LA’s grantmaking, transitioning it from an initiative-based to a place-based approach. This new approach will allow First 5 LA to focus on strengthening families, while fostering the communities’ abilities to create and sustain safe and nurturing places for children to grow and thrive.

In the Plan, the Commission established four specific benefits that it seeks for young children. These benefits are defined in the Plan as four long-term goals of ensuring that children:

- Are born healthy
- Maintain a healthy weight
- Are safe from abuse and neglect
- Are ready for Kindergarten

Focusing on the four goals, First 5 LA’s place based efforts will be implemented in the following targeted communities:

- Central Los Angeles
- Broadway-Manchester
- Central Long Beach
- Compton
- East Los Angeles
- Lancaster
- Pacoima
- Palmdale
- Panorama City
- South El Monte-El Monte
- Southeast Los Angeles

2 For informational purposes only as this community is currently in the partnership development phase. Central Los Angeles was selected as a Pilot Community, Best Start Community #1(interim name pending partnership decision).
III. COMMUNITY PLANNING PROCESS

In order to maximize the potential for success, it is essential that place-based efforts be driven and informed by the communities themselves. The community members will determine and prioritize the changes they want to see in their communities, and First 5 LA will work with them over a period of years to achieve these changes. Through this process, the communities develop the capacity to continue making desired changes on their own well into the future.

This will require an initial and intensive community planning process. Community representatives and residents will indicate their interest in being involved by submitting an interest form to First 5 LA. The planning process is expected to take a maximum of 18 months and will culminate with the submission of a written proposal of a five year implementation plan that community members will submit to First 5 LA for funding. The proposal will include a very detailed plan of action including scopes of work and budgets.

The planning process will include: regular collaborative meetings, community assessment, on-going capacity building and training on effective collaboration, finalizing target community boundaries, development of a community governance structure and preparation for communities to engage in community-driven research. Although there will be adjustments for certain communities based on their readiness to engage, First 5 LA will initiate this process simultaneously in the target communities listed above.

Each community will select a fiscal agent and a community facilitator who will play a pivotal role in guiding the community through the planning process. First 5 LA is identifying pools of qualified fiscal agents and community facilitators to potentially serve targeted communities through a separate RFQ process. They may either select a community facilitator from the pool developed by First 5 LA through the Best Start Community Partnership Facilitator RFQ or select someone not on the list.

Roles of the Supervising Facilitator

First 5 LA is looking for a Supervising Facilitator to direct a team of community facilitators who will work with community partnerships and assist them through the planning process expected to run through December 2011 in target communities in LA County.

The Supervising Facilitator will have three broad roles:

- Supervise and coordinate the community planning process in 14 communities
- Provide initial and on-going training and technical assistance for community facilitators
- Document the planning process and provide a written report

- Watts-Willowbrook
- West Athens
- Wilmington
The Supervising Facilitator will promote a respectful environment where community facilitators can ask for training or support, as they guide the community partnership in the development of a work plan for the next five years. The Supervising Facilitator should be able to train community facilitators to ensure cultural competency and coach them in managing the dynamics of multi-cultural and multi-ethnic collaboratives. In addition, the Supervising Facilitator may need to provide assistance to community facilitators in recruiting and retaining community stakeholders, including non-traditional partners, in the collaborative.

Activities funded under this proposal must be new or enhancements to existing activities.

6. The award of a contract by the COMMISSION to an individual/agency/organization that proposes to use subcontractors for the performance of work under the contract resulting from this application process shall not be interpreted to limit the COMMISSION’s right to approve subcontractors, assemble teams and/or assign leads. The selected Contractor will be required to sign the contract at least two weeks prior to the intended start date of the contract, as outlined in Terms of Contract section, to assure the timely completion of the signature process by all parties. For example, for a contract totaling $150,000, a consultant may bill 500 hours for Consultant A at $200/hour, and 500 hours for Consultant B at $100/hour, with a total composite rate of $150/hour (1,000 total hours divided by $150,000 in billable hours = $150/hour).
