THE REGIONAL AND LOCAL NETWORK PHILOSOPHY

Community Health Councils has brought together a team of organizations that work within a guiding framework essential to collaboration and working with community partnerships to achieve:

- Transparent Communication
- Mutual respect • Trauma-Informed • Shared Values
- Equal and Equitable Voice
- Cultural Responsiveness and Competency
- Appreciative inquiry

The regional and local team has demonstrated experience working with parents, residents and organizations in the South Los Angeles region in the areas of capacity building, engagement, education, service delivery, and movement building. They are guided by an appreciative inquiry and trauma-informed approach to working with and in communities. All partners have a demonstrated commitment to engagement by working “bottom up” and ensuring that community input and participation are incorporated throughout all work.

ABOUT THE REGIONAL AND LOCAL NETWORK PARTNERS

Community Health Councils (CHC) has been a convener and facilitator of multi-sector and multi-stakeholder coalitions since 1992. At its inception, CHC was created to address the growing health and healthcare crisis by supporting planning, resource development and policy education for 12 stakeholder councils in South Los Angeles and other underserved and marginalized communities throughout L.A. County. Today, CHC runs a number of issue- and geographic-based coalitions aimed at improving the health and wellbeing of the community. CHC’s work is centered on policy and systems change efforts, which have resulted in substantive and successful collective advocacy, including having mobilized all levels of stakeholders on issues from the regulation of urban oil drilling in Baldwin Hills to policies directed to reduce fast-food restaurant density in South LA. Although CHC focuses its coordination on South L.A., it coordinates a wide array of organizations and initiatives at the county and state levels, specifically through its coalition work, serving as a backbone agency for large federal grants and organizational lead for public-private partnership social enterprise ventures.

Local Council Delegations: Member delegates are residents of the community who have successfully completed the Best Start South LA Decides Delegate Academy Training and have been cleared to act and vote on behalf of their local council.

Regional Task Force: 8 elected resident representatives and 4 elected alternates from local councils who work collectively to advance policy and systems change across the region through South LA Decides community-based grant making programs at a regional and local level.

Grantees: Community-based organizations awarded community change funding to impact policy and systems change locally and regionally.

Sub-Contractors: Community-based organization and other entities under contract with Community Health Councils (CHC) to impact policy and systems change across the regions as well as address immediate needs.

Local Support Teams: Community-based organizations and other entities under contract with CHC to facilitate and support local council meetings in partnerships with elected Regional Task Force members and delegates.
