II. BACKGROUND

First 5 LA — Giving Kids the Best Start

In 1998, California voters passed Proposition 10, which levied a 50-cent per pack tax on all tobacco products. The resulting tax revenues were earmarked for the creation of a comprehensive system of information and services to advance early childhood development and school readiness within each county in California. In Los Angeles County, the First 5 LA Commission was formed as a public entity to develop and oversee various early childhood initiatives and to manage the funding from Proposition 10.

The First 5 LA 2020-28 Refined Strategic Plan

On November 10, 2022, First 5 LA’s Board of Commissioners approved the refined 2020-28 Strategic Plan (https://www.first5la.org/2020-2028-strategic-plan/) that articulates the organization’s “North Star” — that all children in Los Angeles County will reach their full developmental potential throughout the critical years of prenatal to age 5. The refined North Star grounds First 5 LA’s focus on the importance of the prenatal to age 5 window for strengthening connections, building resilience, and closing disparities.

First 5 LA also identified an overarching systems change goal as a critical step to reaching its North Star: Public systems most critical to children’s development prenatal to 5 advance belonging and justice for communities which experience significant inequities. First 5 LA will undergo a new Strategic Plan Reset. The Reset will be finalized by November of 2023.

III. PROJECT OVERVIEW

Quality Start Los Angeles (QSLA) is Los Angeles’ county-wide Quality Improvement System (QIS) designed to empower early learning providers to build upon and improve the quality of care they provide to children birth to five.

Beginning in 2015, First 5 LA first convened a group of key stakeholders to spearhead the planning and implementation of its Quality Rating and Improvement System (QRIS). QSLA stakeholders worked collaboratively to develop, refine, and improve LA County’s QRIS into a single, cohesive system to improve the quality of early care and education environments for Los Angeles County’s earliest learners. With support from consultants over the years, QSLA stakeholders established a consortium; developed and implemented a governance structure; developed, evaluated, refined, and enhanced the QSLA model that was implemented; and collected, analyzed, and applied data to inform priorities and policy efforts.

Currently, the QSLA consortium is led by six Los Angeles early learning partners:

- First 5 Los Angeles (F5LA)
- Los Angeles County Office of Education (LACOE)
- Child Care Alliance of Los Angeles (CCALA)

Quality Start Los Angeles (QSLA) Facilitator
• Office for the Advancement of Early Care and Education (OAECE)
• Partnerships for Education, Articulation, and Coordination through Higher Education (PEACH)
• Child Care Planning Committee (CCPC)

The vision of QSLA is that “All children ages birth-5 in Los Angeles County access and benefit from high-quality early learning programs to thrive in school and life.” The mission of QSLA is to “Align and maximize resources to build one county-wide quality improvement system that nurtures the whole child, strengthens families, and elevates excellence in early learning programs.”

QSLA sets high standards for early learning providers and provides them with the quality improvement supports they need to provide high quality programs for the children, families, and communities they serve. QSLA does this by supporting those working in Los Angeles County’s mixed-delivery early learning system, including licensed childcare centers, family childcare homes, and family, friend, and neighbor care providers, through professional development, specialized trainings in multiple languages, individualized program supports, and access to cutting edge resources and funding opportunities. By partnering with providers, we are coming together to ensure all children receive a quality start in life.

QSLA’s partnership with families includes providing them with tools and resources to understand the elements of a quality program for their child, and how to be involved in their child’s early learning journey. QSLA’s Family Engagement staff provide on-going support to early educators in several languages, through live and self-paced trainings, resource newsletters, tips, and activity guides to help them learn how to create a culture of family engagement at their programs where families feel seen, valued, and appreciated for the experience and expertise they bring. QSLA’s website provides resources for families, such as themed booklists and activity guides, a bilingual monthly Family Activity Calendar, read-alouds, and workshops to ensure families have the resources they need to support their children as they prepare for school and life.

QSLA is a part of a larger state and national movement; in California, the QRIS is called Quality Counts California (QCC), with Los Angeles County as one of 58 participating counties. QSLA is funded by local and state dollars, in partnership with QCC. QCC is a collaboration between First 5 California, the California Department of Education, Early Learning and Care Division, and the California Department of Social Services. QCC provides funding and guidance to local and regional agencies implementing QRIS programs across the state of California.
